Grievance (Please be specific: time, date, etc.)

I'm at the point right now where I want to do something severe to Christina Corpus. I'm tired of the blatant lies she devises, and she is an incompetent first class cunt!! The only way to get respect in here, is to physically assault someone severely. Christina Corpus, that fucking bitch, at this point I'm about to catch her 3 with the assaults on staff members in this jail. We had best hope and pray that we never see each other person, because if that were to ever transpire, I will guarantee it will be a shame to the point where you're going to have your weapons drawn in order for me to stop, plus it'll involve both jails getting involved and there would be no rest for both jails, plus it might make national news. This is only a threat and I'm only speaking out of anger for my dignity, dignity, and dignified performance of that first class cunt Christina Corpus. We had all either hope that her and I never see each other in person cause if this happens, it's going to be a show and I am promising everyone that. It's cunts like that is all the reason why I'm gay and I only date transgender, as I'm currently engaged to Crystal Aka Dash bread. If I ever see Miguel Gonzalez, I'm doing something really severe to him, and I might potentially finish him. Christina Corpus has lied from the beginning, especially about keeping people safe, cause if you were to do this you would not have allowed that suicide to transpire at all on Oct 2nd, 2023. They would not have let me get gay hits in at all with a deadly weapon on another inmate. And on top of this transgender ladies really make me feel uncomfortable and I blatantly displayed that yesterday in court. I know people think I'm bluffing and I don't understand why you staff members like to learn the hard way. I would think physically attacking Christina Corpus would be funny!!
